The letter of direction to the ministry sent before the writ period is the direction the Ministry is following. I understand the importance of extending the leases to respect the Town of Oakville's priorities.

The livability of communities is directly linked to the quality of public space and amenities. I appreciate the thoughtful approach you have taken and know we are committed to preserving the Merton Lands as green space.

Thanks to you, your council and Kevin Flynn for the work you have done to protect the livability of one of Oakville great neighbourhoods!

Regards

Glen
