SCHEDULE "A"

FORMING PART OF AGREEMENT ... Attached hereto
WITH Woodlands Orchards Limited
LOT Pt. 30 CONCESSION 2 SDS TOWNSHIP of Oakville

It is understood and agreed that the well located within Department requirements will be relocated clear of the new right-of-way limits and be similarly equipped and connected to barn water system and in satisfactory operation prior to commencement of construction AT NO EXPENSE TO THE PROPERTY OWNER.

It is agreed that the two existing tile drains carrying spring, rain, and unpolluted surface water from the barn area will be accommodated within the highway drainage system. It is understood and agreed that the trees cut from the above property will be cut into lengths of not more than 16 1/2 feet after the limbing operation and placed on the owner's property located on the west side of Highway in the wood lot north of owner's residence. It is understood and agreed that included in the above sum is an allowance for payment of compensation in lieu of fencing and other such items. It is further understood and agreed that the purchaser will supply two fourteen foot farm gates at time of construction

It is understood and agreed that the existing historic White Oak Tree in front of the house south of the barn on the Vendor's property will be made known to all public utility groups and contractors who will be working in the vicinity of the said Oak Tree, and that every possible precaution will be taken to guard the safety of the said Tree.

It is further understood and agreed that the Department will place a show fence around the circumference of the said Tree. Also that if any trimming of the Tree is desired for any reason, that the owner will be fully consulted and be personally in attendance if and when any trimming is carried out.

See Schedule "B" attached hereto and forming part of this agreement.
